Deputy Manager-Engineer

Annual Salary up to $114,582.00

The County of Kaua'i Board of Water Supply invites highly qualified, service-oriented, and motivated individuals of the highest integrity and ethics to submit a comprehensive resumé of their educational and professional qualifications for the position of Deputy Manager-Engineer ("Deputy") for the Kaua'i Department of Water. This position works with the Manager and Chief Engineer and oversees day-to-day operations of the Department, and may assume the role of the Manager during absences.

Minimum Qualifications include being a citizen of the United States and a licensed engineer in the State of Hawaiʻi.

Preferred experience to include at least four (4) years of progressively responsible management experience in water utility operations, design of water supply improvements, the construction of water system projects, or other water industry related fields, three (3) of which involved management, public finance, and administrative responsibility.

To be considered for this exceptional career opportunity, submit a resumé with proof of registered professional license, education and degrees, membership in professional organizations such as Hawaiʻi Water Works or American Water Works Associations, and professional references **no later than Tuesday, January 17, 2017** to:

Kirk Saiki, Manager and Chief Engineer
Department of Water
4398 Pua Loke Street, Lihue, HI 96766.
